RUNNING WATER.

Sliding through the verdurous meadows,
Dreaming in the greenwood shadows,
Flying like a feathered arrow
Through the gorges dim and narrow,
Dancing to its own glad tinkle,
Where, in many a curl and crinkle,
Rock-imprisoned eddies twinkle,
Mid white water-lilies sleeping,
Stealthily through thickets creeping—
Many-voiced the brooklet ever,
Wanders onward to the river.

Musical the infant whisper
Of the little hill-born lisper,
Where on fairy shoon of glass
Timidly it treads the grass,
Musical the tones, though firmer,
Of its dove-like woodland murmur;
Glad its shout and soul exalting
When o'er rocky barriers vaulting,
Sweet and soft its liquid gushes,
As it dallies with the rushes—
Thus a living song forever
Flows the brooklet to the river.

Blest the life that sweeps along,
Brook-like, with a pleasant song—
Gliding through the fields of youth,
Beautiful with Love and Truth;
Striking out, in manhood's prime,
Sparkles from the rocks of time,
Making through the shades of age
Calm and solemn pilgrimage;
And at last, its journey done,
Through the shadow and the sun,
Fearfully, without a quiver,
Melting in the silent river.

THE DILIGENT WOMAN.

She riseth in the morning betimes, and as the lark singeth to his mate, so she maketh a joyful noise in all her house.

She maketh up her bed, and beateth the pillows thereof, and like as an eagle stirreth up the feathers, and spreadeth out the sheets, and layeth the blankets apart.

She layeth her hand to the washtub, rubbeth upon the board, making clean the fine linen; her hands take fast hold of the wringer, and by turning the crank the water thereof is pressed out.

She clothes her family with pure garments, when she has made them smooth with a hot iron, and by reason thereof her husband is made comely when he sitteth among the chief men, or walketh in the market places.

She kneadeth up her dough and baketh a goodly cake for her household, and to every one she giveth a piece of bread and butter of kine.

She provideth her dinner in due season, and supper faileth not when the good man returneth at the end of the day, weary with his labors and the strife of man.

She looketh well to the ways of her household, and scorneth the idle woman, with her delicate hands, who lieth in bed and calleth a servant.

"TRY IT ON."—The *Knickerbocker* tells an excellent story of Burchard, the revivalist; not of him exactly either, but what happened at the close of one of his meetings. He was in the habit of addressing his congregation in this wise:

"I am now going to pray, and I want all that desire to be prayed for to send up their names on a piece of paper."

On the occasion to which we refer, there was at once sent up to the desk quite a pile of little slips of paper, with the names on whose behalf he was to wrestle, as he said, with the Almighty.

A pause soon ensued, when he said:

"Send them up! I can pray for five thousand just as easy as I can pray for a dozen. Send 'em up. If you haven't any paper, get up and name the friend you want prayed for."

At this stage of the proceedings a man whom we shall call Oziel Riggs, a stalwart man of six feet and a half in his stockings, a notorious unbeliever, and a wag to boot, rose in the midst of the congregation, and amidst the winks and becks and smiles of the auditory said:

"Mr. Burchard, I want you to pray for Jim Thompson."

The reverned petitioner saw from the excitement of the audience, that Oziel was a hard case.

"What is your name, sir, and who is Mr. Thompson?"

"It's Jim Thompson; he keeps a tavern down in Thompsonville, and I keep a public house a little below him. He is an infernal scoundrel, and I want to give him a lift."

"But," said Burchard, "have you faith in the power of prayer? Do you believe in the power of petition?"

"That is neither here nor there," responded Oziel, "*I want to try it on him.*"

GIVING THE DEVIL HIS DUE.—There is a point in the following anecdote: A pastor was making a call upon an old lady, who made it a habitual rule never to speak ill of another, and had observed it so closely that she always justified those whom she had heard evil spoken of. Before the old lady made her appearance in the parlor, her several children were speaking of this peculiarity of their mother, and one of them playfully added: "Mother has such a habit of speaking well of everybody, that I believe if Satan himself were the subject of conversation, mother would find out some virtue or good quality even in him." Of course this remark elicited some smiling and merriment at the originality of the idea, in the midst of which the old lady entered the room, and on being told what had just been said, she immediately and involuntary replied: "Well, my children, I wish we all had Satan's *industry and perseverance.*"

A SOLDIER of the West, during the late war, being off duty, was engaged by a landlord to dig a patch of potatoes, on condition that he should be furnished with a bottle of whiskey to begin with. The landlord accordingly took him to the field, showed him the patch, and left him a full bottle of his favorite beverage. About an hour afterward the landlord went to see how the son of Mars progressed in his business of farming. He found him holding on to an old stump, unable to stand without it, his bottle lying at his feet, and no potatoes dug. Being quite exasperated, the landlord exclaimed:

"Hello! you scoundrel! Is this the the way you dig my potatoes for me?

"Ha!" says the the soldier, lapping his tongue, staggering half round, squinting and hiccuping, "if you want your potatoes dug fetch 'em on—for—I'll be hanged if I'm going to *run round* the lot after 'em."

"MY son," said a man of doubtful morals, putting his hand upon a young urchin's shoulder, "I believe Satan has got hold of you." "I believe so too," was the prompt reply.

A-LASS! a-lass! as the old bachelor said when he felt a desire to marry. He made the same exclamation after marriage, but spelt it differently.

THE proudest man as well as the greatest, will stoop to a flower.

FUNNY THINGS.

— When is a tombstone like a rush-light? When it is set up for a late husband.

— Why is a dishonest bankrupt like an honest poor man? Because both *fail* to get rich.

— Why is oak the worst wood of which to make a wooden leg? Because it produces acorn.

— As a man drinks he generally grows reckless; in his case the more drams the fewer scruples.

— Why is a country winter like the Black Crook; because there are so many bare limbs to be seen.

— How did Noah preserve honey bees during the flood? In the ark-hives of the old world, of course.

— Why is Hiram Powers the meanest of men? Because he chiseled a poor Greek slave out of a piece of marble.

— To ascertain the number of children in the street—beat a big drum. To ascertain the number of loafers—start a dog fight.

— Why will the monsters of the deep be better posted than the cable operators? Because they nose the news before it reaches either side.

— A Missouri farmer being asked if raising hemp was a good business, answered, "I can't sartin say; but it is surely better than being raised by it."

— "Aunty," said a three year old one day, "I don't like my aprons to be starched so much. So much starchness makes the stiffness scratch my bareness."

— A Western editor has placed over his marriages a cut representing a large trap sprung, with this motto: "The trap down—another ninny-hammer caught!"

— An old lady refused to let her nieces dance with a young graduate because she heard he was a bachelor of arts, whereby she understood he was an artful bachelor.

— "Isn't it pleasant to be surrounded by so many ladies?" said a pretty woman to a popular lecturer. "Yes," said he, "but it would be pleasanter to be surrounded by one."

— A Moral Question.—"Ain't it wicked to rob this chicken roost, Dick?" "Dat's a great moral question, Gumbo, and we ain't got time to argufy it now; hand down another pullet."

A TRAVELER, passing through a little town in Kentucky, asked a livery-stable man how much corn was usually raised in that part of the country. He told him there was generally raised from twenty to twenty-five bushels to the acre; that each stalk had nine ears on it, and was twelve or fifteen feet high.

"That's nothing to our corn," said the traveler. "Up in Illinoy, where I come from, we always had nine ears on each stalk, and a peck of shelled corn hanging to each tassel, and we never could raise any corn-field beans with it."

"Why?"

"Because the corn grew so fast it always pulled the beans up."

A DUTCHMAN from the profane city of Rotterdam, but at present residing in Hoboken, recently took occasion, "as it were," to kill his dog, the dog having killed one of his sheep. After shooting him until he was extremely defunct, our Teuton took a club and commenced beating the brute's brains out. Neighbor Smith came along, and asked:

"What are you pounding the dog for? Don't you see he's dead?"

"Yes," answered Hootzensweitzer, "but I means to let him know that there's a hereafter!"

DAN RICE, the well-known circus man, remitted, in settlement of an account, to the publisher of a paper out West, a three dollar bill, which was returned, with the brief remark: "This note is counterfeit; please send another." It was two months before he heard from Dan again, when he apologized for delay, saying that he had been unable "until now to get another counterfeit three dollar bill," but he hoped the one he now enclosed would suit, professing at the same time his inability to discover what the objection was to the other, which he thought as good a counterfeit as he ever saw. It must be admitted that Dan swept the board.

DO YOU SEE IT?—To learn to read the following so as to make good sense, is the mystery. Our young readers may amuse themselves over it for a few moments:

I thee read see that me
Love is up will I'll have
But that and you have you'll
One and down and you if

A FEW days ago, while John Wessan was picking berries in the woods at Boston Corners, near Chatham, N. Y., he saw something hidden under a rock which looked like a box covered with moss. John examined it closely, and found it was a box, and on opening it found $5,000 in silver pieces of Spanish coinage. Among the number were five hundred Spanish dollars done up in a bag, on which was some writing, but so destroyed that it was illegible. None of the pieces bore a date later than 1808. The finder has for several years past been working at odd jobs in the summer, and in leisure time picking berries.

A FRIEND of ours, visiting a neighbor, found him disabled from having a horse step upon his foot. Hobbling out of the stable, the sufferer explained how it happened. "I was standing here," said he, "and the horse brought his foot right down on mine." Our friend looked at the injured member, which was of the No. 14 pattern, and said, very quietly, "Well, the horse must step somewhere."

AT Guelph, Canada, recently, a country youth, attending the circus, offered the elephant a plug of tobacco. The sagacious animal, which had probably been tricked the same way before, stretched out its proboscis as if to take the tobacco, but instead, suddenly seized the wight's hat, and after chewing it to a mass of pulp, threw it down at the feet of the owner.

A LETTER writter estimates the money value of the crops this year will be $400,000,000 more than last year, so great has been the increase.

A WESTERN paper gives an account of an immense blast. Two tons of gunpowder were placed in a mine, and the explosion which followed caused the displacement of about 20,000 tons of stone.

HERE'S the banisters, but where in the deuce are the stairs—as the drunken fellow said while groping his way around the bedstead in the dark.

LETTER FROM PITTSBURG.

PITTSBURG, Aug. 28, 1867.

Dear Compiler:—I cannot help expressing to you my hearty congratulations upon the enlargement of your paper. It, no doubt, has cost you much money and pains, and has been the cause of much earnest solicitude, as to the success of the enterprise. But I am satisfied that you can safely lay aside your anxiety, for you will be more than repaid for the outlay by the consciousness of having done a good work, and the gratification of your desire to increase your facilities for the spread of the right kind of principles. You will have also the more substantial compensation of a more extended circulation and an increased demand for advertising, as well as better facilities for putting up job work with that neatness and promptness which an increased patronage will demand. You have now the consciousness of issuing, weekly, as large a country paper as any in the State, and one which does not compare unfavorably with our city papers. It is especially pleasing to *us*, who have a warm side and a ready ear for everything that relates to Gettysburg or Adams county. A county paper is a history of the county, much more minute than histories generally are; for it gives, to some extent, as well the small talk and gossip, as the public acts—those little baby tracks, which the winds obliterate, as well as those deeper indentations on this life-course, which are "foot-prints on the sands of time." It does not tell us the exact day upon which the future citizen makes his debut into this noisome world nor follow the little urchin to the "baptismal fount," but there are two periods in the life of every one which are *there* carefully recorded, "marriages" and "deaths!" What denizen of a newly adopted habitation does not turn with anxious eye and eager curiosity to those familiar titles? Whose heart does not beat in sympathy when he first catches, "at the residence of the bride's father," &c. But what shall I say when following down the column, we meet the words, "in the eightieth year of his age," or "infant daughter of ——!" Sad may be the tale there told—deep may be the grief occasioned by the sad news! From the stoutest heart and sternest eye a truant tear may start; yet who would not read it—who would be ignorant? "That form, that he once knew, he will know no more forever." I cannot help but exclaim—"Breathes there a man with soul so dead," &c.

And there are the "locals," which *one* reads because he was "*there* and saw it," and another reads because he "*wasn't* there and *didn't* see it." Then there are the "jokes" for the young folks, the "poetry and romance" for the ladies, and the advertisements for the business world. But the "wanderer from home and friends" reviews everything, from the opening prospectus to the last little notice that seems to be stuck in merely to fill out the column. The advertisements are "locals" to him, for there he learns not only who promises the most "candy for a cent," but what his old friends are doing.

Our city is dull, though the slight revival during the last week or so we take as an earnest of a much better time coming. Even the political horizon has not assumed a very stormy appearance—not much more than the usual crimination and re-crimination. The monopoly of the two deposed potentates, Ex-War Secretary and Ex-Satrap of 5th Military District, has subsided. Four or five columns daily are devoted to the explanation of Grant's position and politics. No sacrifice of truth is too great to show that Grant is "opposed to the President." There are so many things to be explained away every day that they are reduced to an absolute state of desperation, and, feeling that they can get relief only by a "victim," have fallen, like an avalanche, on the head of Greely. I would not assert positively that Grant considered Stanton an "obstacle in the way of reconstructing" the South, but he must certainly have considered him an "obstacle" to the "reconstruction" of the War Office, or he would not have made such a *radical* cleaning out of the Stanton appointed pensioners on the U. S. Treasury. To say that it is "just what the Secretary was going to do," is not an explanation that will be very generally received. This cleaning out was done so soon after his acceptance of the position, that it would rather lead to the belief that the General was called to the position for this very purpose.

We had quite an excitement among the Bar, a few weeks ago, but it has subsided just now, to be renewed, I suppose, after the election. Judge Shannon, whom the people of G——g will remember as having made a very violent speech denunciatory of his then recent companions in arms, "the Copperheads," on a certain "19th of Nov." not far from the "Red Front," threw a shell into the camp which was likely to explode. As before, he was desirous of showing how radical a Republican he had grown to be in so short a time, so here he desired to show how radical a Radical he is, and therefore what a good Senator he would make, in Bigham's place. He moved the admission of Mr. Vashon to practice Law in the Common Pleas Court. That gentleman belongs to the much loved race against whom there is to be no "discrimination"; is of a dark, muddy color, the son of a barber in this city, and has nothing peculiar in his case, except that he does not pay his honest debts sometimes. We have a rule of Court that all applications of the kind must go to the committee for examination. As the applicant in this case was colored, the Judge and his brother non-discriminators thought compliance with the rule was unnecessary. There being objection made, a rule was granted, at the request of Shannon, "to show cause why Vashon should not be admitted." It went into the argument list, and from there to the newspapers and politicians. After mature deliberation by the "Ring," it was considered that as the matter would have to come up before Judge Williams, in the District Court, it had better lie quiet until after the election, for Shannon's *nomination* to the Senate was not as important as Williams' *election* to Supreme Judge. It is to be hoped that when the matter does come up, the loyal Court will not "discriminate" on account of race or color, and send him to the committee as it does the white applicants. There are a good many discordant elements in the Radical camp just now. The leaders will, of course, try to unite them before the election. An effort was made by the "Union," (an association of iron laborers) to embody in the Radical platform a resolution demanding that a tax be laid on every foreigner landing at our ports. The leaders were perfectly willing to have any amount of clap-trap to catch their votes, such as Tariff, Homestead, &c., but a broad, plain, unequivocal plank like that, they could not go, and voted it down. The laboring men have had several meetings, and insist on candidates devoted to their interests. Temperance demands that its tenets be carried out, and the lager beer men will not allow its indulgences to be interferred with. The managers will, as heretofore, get men who will promise everything, and after election, as they must disappoint some one, conclude to disappoint all by selling themselves to the highest bidder. I do not see just how all these discordant elements will be reconciled, though the "Sir John Veseys" are plenty, and the people are easily humbugged. But I have said much more than I intended.

Yours, &c.,

A MAN IN A SACK AND A MAD BULL COMING.—Three or four citizens of Peekskill, says an exchange, made a very narrow escape from a perilous situation a few days ago. They belonged to the sporting persuasion, and wished to know exactly what time could be made by a man sewed up in a sack, and to secure a basis of safe betting they repaired to a distant field of a wealthy citizen, and just as they had got a young man sewed up in a sack they heard a rumbling noise in the distance. They took it for distant thunder; but looking westward one of them saw the dust and turf flying high in the air, as if lifted by a tempast; and in a moment more, a mad bull, roaring and pawing the sod, came tearing down in the direction of the company of sports. One of the men, tall, well formed, athletic, and spunky, seized a rail and went out to meet the adversary; another took to his heels and made the tallest time on record; another ascended the nearest tree, our informant says, feet foremost, and the poor fellow sewed up in the sack, partaking of the fears of his flying comrades, fell to the ground and rolled to the barway, but could not go further. But the bull, awed by the bold front and flashing eyes of the man of pluck, muscle and rail, ceased his frightful demonstrations, and became as placid as a lamb, and the whole party, to their infinite joy, came off without a scratch.

AWFUL RAILROAD CASUALTY.—As the Iowa Central Railroad train was coming North, a few mornings since, when it had arrived near Freeport, the windows of the passenger cars, many of which had been opened to allow the ingress of the pure, morning air, suddenly and simultaneously came down with a startling crash. This was occasioned by the influx of a peculiar and unendurable odor, almost suffocating the passengers by its pungency. The occasion of this was afterwards explained by the conductor of the train. It seems that a lively little animal, noted for its offensive breath, popularly known as a skunk, taking an early walk for exercise, had found itself upon the railroad track just as the train was approaching. Mr. skunk mounted one of the rails, and with the eye of a general surveyed the advancing foe. The odds were excessive, but he determined to stand his ground. The ponderous engine approached, and the skunk marshaled his batteries for the coming battle, bringing into requisition his natural and only means of defense. Nearer and and nearer came the locomotive, while with steady eye and well-balanced tail, the assailed made ready, took aim, and—fired! Heavens, what a perfume floated on the morning air! No one but a passenger upon that train could imagine. His skunkship had fought well but not wisely; another moment and the remorseless wheels of half a dozen cars had passed over him, and nothing was left of the brave defender of his natural rights but an infernal stink.

WHO ARE THE REBELS?—The Radical journals think it is a very smart thing to speak of the forty or fifty thousand Democrats and Conservatives who have just voted against Republicanism in Kentucky as the "rebel" majority, but they may rest assured the day has gone by when that silly display of partizan malice will deceive anybody. The truth is, there are no rebels in this country except the Radicals. Jeff. Davis never was a worse rebel at heart than, for example, the members of the Rump Congress who voted the other day to exclude Kentucky members from their seats. The rebels, in arms, fought to dissolve the Union, but they did their work openly and above-board—not in the sneaking, hypocritical way affected by the Radical rebels, who, with eulogies of the Union eternally upon their lips, are exerting all their energies to keep that Union divided.—*N. Y. Express.*

That's so!

THE Radical leaders and press declare that Congress shall, at its next session, pass a general law extending negro suffrage over all the Notrhern States, without submitting the question to the people at the ballot box. Judge Williams, their candidate for the Supreme Court, and all their candidates for the Legislature, stand pledged to support and enforce such a bill in Pennsylvania. It is for the people of Pennsylvania to determine, at the election in October, whether they will submit to be futher deprived of power at the ballot box, by electing the Radical candidates, or whether they will elect the Democratic candidates, and thereby get back their lost power under the Constitution.

THE Radicals have had control of the government of Baltimore city for several years past, and the natural result is that the city treasury is in a state of complete collapse. There is not a cent of money left to clean the streets, and orders have been given to discontinue that most necessary piece of business.

A YOUNG girl about seven years of age was found in the huckleberry woods, near Lackawaxen, on Sunday a week, dead. She had gone out on Saturday before to get berries, and not returning at night search was instituted. When found the body was terriby bloated, and had marks of seventeen stings of rattlesnakes.

SUBSCRIBERS to the "Lincoln Monument Fund," in New York, are inquiring where their money has gone. Into Radical documents for the South.—*Boston Post.*

A SMALL chap on the street with a big hat on: stranger sees him and cries out:

"Hello, hat, where are you going with that boy?"

A LITTLE boy having asked his mother what a "blood relation" meant, being told it meant near relations, said, "Then, mother, you must be the bloodiest relation I've got."

JOSH Billings says there is nothing more touching in this life, than to see a poor, but virtuous young man struggling with a moustache.

FRIDAY AFTERNOON, SEPT. 6, 1867.

DEMOCRATIC STATE NOMINATION.

COUNTY COMMISSIONER,
JACOB LOTT, of Cumberland township.
JURY COMMISSIONER,
HENRY J. KUHN, of Oxford township.
COUNTY TREASURER,
HARVEY D. WATTLES, of Gettysburg bor.
DIRECTOR OF THE POOR,
MARTIN GETZ, of Hamilton township.
COUNTY AUDITOR,
MARTIN E. BOLLINGER, of Union township.

☞"I fear that we shall lose Pennsylvania this next election. I do not think we have earnestness enough in the State to unite and draw out the Republican Strength, while the Republican portion of our Legislature has been so openly, notoriously and shamefully corrupt, that all the honest people in the State are disheartened and disgusted."—*Thad. Stevens.*

COUNTY COMMITTEE.

The Democratic County Committee will meet at the "Globe Inn," Gettysburg, on SATURDAY, the 7th of SEPTEMBER inst., at 10 o'clock, A. M. A full attendance is desired. It is hoped that not a member will be absent.

WM. A. DUNCAN, Chairman.

THE RADICAL TICKET.

The Radicals of this county nominated their ticket on Monday last. The Convention was a dull, poorly-attended affair. Several townships were not represented, and the number of outsiders was unusually small.

All the offices but Jury Commissioner went begging. Gen. Stewart wouldn't stand a nomination for the Legislature, nor would R. G. McCreary—so it was given to a Dr. Jordy, of Abbottstown, whom very few seemed to know. He received 27 votes, to 13 for Charles G. Miller, a soldier, of Mountpleasant.

For County Commissioner the leaders had previously selected Peter Schively, of Fairfield—because they expected to be able to induce him to spend his money, as they did Cashman last fall, and because he has a bar of his own to run. Schively hesitated about accepting. He evidently knew what the leaders were after, and was slow to bite; but the desire to have an office eventually overruled every other consideration, and he agreed to allow his name to go before the Convention. So well had the leaders managed the thing, that Schively received 36 votes to Captain James Mickley's 5. Schively's whiskey may be strong, but it can't drown the *scent* of the nigger bait. The Democrats of the Millerstown district are not to be caught with such gudgeons.

For Jury Commissioner there were no less than *six* candidates, small in pay as the office must be. It showed, however, that they were vastly more confident of success in this particular than *any* other. Cornelius Lott, of Straban, was made the candidate on the third ballot. He had 28 votes, to 13 for John Brough, of Reading, the McConaughy candidate.

David M. Sheads, of this place, was nominated for Treasurer, simply because nobody else wanted it. Several citizens of position were spoken of by the leaders, but the proposed victims "couldn't see it," and declined.

The nomination for Director was given to Samuel Shelly, of Huntington. We can hardly believe that the Convention knew what it was about when it made this selection. No more unsuitable candidate could be presented.

Capt. A. M. Hunter, of Gettysburg, was unanimously nominated for Auditor.

Such is the ticket set up by the Radicals to be *set down* by the Democracy on the second Tuesday of October. That it is on the whole a poor affair, and not to be compared with the one at the head of our paper, will be generally conceded. With anything like an effort, the Democrats can "floor" it by the largest majority they ever gave. To work, then, Democrats, and do it!

MESSRS. John M. Cooper, Augustus Duncan and Wm. S. Stenger have become the proprietors and publishers of the *Valley Spirit.* Mr. Cooper was one of the founders of the paper. We welcome the new firm to the editorial corps, certain that they will be efficient and useful in it. They are good writers and earnest Democrats, and will deserve, and win, a large measure of patronage. We wish the in-coming, as well as the out-going, editors, all imaginable success.

THAD. Stevens has just written a letter, to Samuel Shoch, of Columbia, in which *he confesses that the whole Radical work of Reconstruction has been sheer usurpation and done "wholly outside" of the Constitution.* Stevens is one of the leaders in the conspiracy to destroy constitutional liberty, and this confession of his should have great weight with all who love our time-honored institutions.—Ought *white* men any longer cling to a party which is compelled to violate the fundamental law of the land in order to carry its *negro* measures?

THE Republican State Conventions of Iowa and Ohio have both declared in favor of an amendment to the State Constitution securing the right of ballot and to hold office to all men, irrespective of color or race. The Radical leaders of Pennsylvania favor the same doctrine, but are not quite so out-spoken. Should they carry the October election, however, they would herald the result as the triumph of negro equality, and would say to Congress that the white people of the old Keystone were ready for anything which the negro might chose to demand. Are the voters of the State prepared for any such low, degrading business? If not, they must work and vote against ALL Radical candidates, State or county.

DEMOCRATS of Adams, the only hope the Radicals have of making any headway at the next election, is by catching you napping. This leaked out at their convention on Monday. "To be forewarned is to be forearmed." Arouse to the importance of the contest! Let one and all be vigilant and active, and a glorious White Man's victory will be the result!

A FRIEND suggests that the dislike shown by the Radical leaders towards the Democratic county ticket probably grows out of the fact that there are no negroes upon it. It may be so. They have certainly taken very warmly to Sambo—or his vote!

GENERAL Canby has reached Charleston and entered upon the command of the Military Department from which General Sickles has been relieved.

THERE has been no abatement in the yellow fever at Galveston. Twenty-five persons died of it on Monday. Nearly all the fatal cases are those of new comers.

TAXES! TAXES!

The Personal Property Valuation of Pennsylvania raised more than 100 per cent. by the Radical State Officers!

The following article from the Greensburg (Westmoreland county) *Democrat* shows how taxation was increased upon the people of that county by the Radical Revenue Board, which consists of the Auditor General, State Treasurer and Secretary of the Commonwealth:

RADICAL LOVE FOR THE TAXPAYERS.—We had hoped when peace unfurled her banner over our country, that not only extraordinary powers would be disused, but that extraordinary demands on the pockets of the citizens would no longer be made. Unfortunately, we cannot congratulate the people on the cessation of either. While States are being blotted from off the map of the Union, by a few strokes of the congressional pen, dollars are being gathered in from the pockets of laborers by the tax-gatherers. Our farmers well remember how pleasing was the law that relieved them from the payment of taxes on their real estate for State purposes. As a political move, this law worked well. But, let us look a little further.

In 1864, the old Board of Revenue Commissioners was abolished, and a new Board created, to consist of the Auditor General, State Treasurer, and the Secretary of the Commonwealth. This was a political move, as it gave to the Radicals a majority of the Board. In 1865 the triennial assessment was made. In 1866, the tax on real estate was taken off.—About this time—whether before or after, it matters little, as the *policy* of the Radicals was being worked in harmony, by the Revenue Commissioners and the Legislature—the Revenue Commisseners raised the valuation of personal property in the State. In this county, the valuation was raised from $856,896 to $2,856,421.40, *or over three hundred percent.* That is, the tax on the aggregate valuation of all kinds of personal property, excess of trades, etc., in this county, for the year 1866, as per assessment, amounted to $3,536.30, and aggregate amount claimed under the action of the Revenue Board to $8,990.53, or an increase of $5,454.23.—It so happened that a Governor's election was to be held in the State, in the fall of this year, 1866. The Radicals became alarmed at this great fraud upon the people. Their State Treasurer issued a circular to the Commissioners of the several counties to proceed to levy and collect the tax *as returned by the Assessors of the several boroughs and townships.* This was promptly done by our County Commissioners. A few days ago, however, the Auditor General notified our Commissioners that this county was indebted to the State the sum of $5,454.23, *with interest from the 2d of January,* 1866; and also, *that the same amount would be required for this year*—1867.

We understand that our Commissioners sent their attorney to Harrisburg to see if an error had not been made, and, if so, to have it corrected. But it appears that no correction can be made. The people will have to groan and sweat under this grievous burden until honest men are elected to posts of trust.

In three counties, Berks, York and Westmoreland, the tax has been raised by these Radical officials from $20,890 21 to $37,254 37, an increase of $16,254 16! Other counties heard from have been treated in the same way, in some the proportion of tax added being even greater than the above.

From this Radical sweep, Adams has not been able to escape, as the following facts will exhibit: The amount of State tax assessed for 1866 was $2,861 60. Upon this the Radical board at Harrisburg demanded $5,427 76. The County Commissioners protested, and after a long correspondence, succeeded in having the claim reduced to $3,137 83. For 1867 the county assessment, even at the *greatly increased rates* fixed upon the property assessable, amounted to but $4,900—which, after paying expenses for collection, exonerations, &c., would leave little over $4,500. And yet on this the Harrisburg financiers required $5,427 76, with $2,287 93 which they had exonerated the year before, and even wanted interest on the latter from the 17th of January, 1866!

By many of the counties these demands have been paid, as by this, (under protest,) to avoid the accumulation of interest; but it was only done here after a long course of correspondence and the employment of ever possible argument to secure a reduction. The State officials were persistent in their demand, and it was at last yielded to because there was no way of escape, and to save a considerable amount of interest. The reason for thus adding another burden upon the shoulders of tax-ridden people, is no doubt correctly stated by the *Patriot & Union,* when it says:

The Radical Legislature repealed the real estate tax early in the spring of 1866 to help their party in the ensuing canvass; and, during the Geary campaign, his organs extensively used that fact to make capital for him and the Radical candidates for the succeeding Legislature. At the very time, however, when the capital was making, the Radical Revenue Board were concocting their scheme to *make up for the loss of the tax on real estate and something over.* Like the cunning politicians that they are, they waited, however, until Geary and another Radical Legislature were installed, and then came back upon the people for the arrearage which their party had invested as political capital in the election of 1866. *They bought the people with a repeal of the real estate tax, but, at the same time, had arranged to get the investment back this year to meet the squandering and peculations of their legislators.* They cannot cloak their proceedings any longer. They must have money in large quantities to meet the immense appropriations of the last Legislature, and this seems to be their last resort. Will the people elect another Radical Legislature to legalize such swindling, and a Radical Judge to the Supreme Court to uphold such officials? If they regard their rights and interests, they will not.

HON. NICHOLAS HELTZEL.—The Democracy of Adams county have done a praiseworthy act in re-nominating Hon. Nicholas Heltzel, their faithful representative in the Legislature. Mr. H. although not a brilliant man, nor a speech-making member, has rendered perhaps greater service to his constituents and the State by being an honest and hard-worker, and a conscientiously honest performer of real legislative duties. He is a gentleman of good judgment, correct principles in ethics as well as politics, and an earnest advocate of the rights of his fellow citizens. In the matter of the claims entered by the people of the border counties for damages by rebel raids, he has taken a deep and active interest, and though that measure has not advanced his popularity away from home, it has rendered him deservedly popular among those who lost property at the time of the invasion. We understand Mr. H. has been working up this subject most industriously, and has not only secured all the available facts, but has succeeded in winning over to his cause some powerful influences which will weigh heavily in favor of a border county damage bill in the next Legislature. The people of Adams county who are interested in that measure, will vote for him irrespective of party, both on account of what he has already done, and on account of what he can and will do hereafter, if elected. His re-election is considered beyond a doubt, and he is certainly deserving of it.—*Harrisburg Patriot & Union.*

THE "Grand Army of the Republic" is advertising meetings again. Why? Because there is an election approaching, and the leaders of the niggerites want the members of the organization to get out the full Radical vote. That's about all these leaders think the concern fit for.

NEGRO RULE.

The following is from the New York *Herald,* a paper which has been radical among the most Radical. It will be observed, however, that Bennett has come to a halt, seeing, as he does, that the Radical leaders are determined to make the negroes our masters. We ask all reasonable and reflecting Republicans to read this article carefully, and ponder well the many truths compressed in so small a space. The *Herald* says:

The country is justly alarmed at what has already become evident in the realization of the radical party programme. It is clear that this programme means no less than nigger supremacy in ten States, and the consequent division of the country on a worse basis than that which led to rebellion. We fought to free the nation from party domination guided by slaveholders, and we fall under a party domination based on the votes of the slaves we made free. We have set them free to make them our masters. We exchange a white tyranny for a black tyranny. This was not what the people meant when they gave lives without limit and money without stint to prosecute the war. Even those who desired to free the slaves would not have made them masters of the political destinies of any part of the nation; yet something very near to this must be the result of the policy of those Radical leaders of whom Mr. Stanton is the type. Actual political domination in ten States is given to the nigger; and what did he do to deserve it? From fifty to a hundred thousand enlisted on our side out of four millions, and the remainder stayed at home and did what they could against us and our cause in growing the corn that fed the rebel armies. Not a single insurrection—not one organized blow for freedom—came from the slaves and sons of slaves during four years of a war that taxed the utmost energies of their masters. They were held in bonds by men at war with the nation, and they never added the weight of one little effort from their own side to aid the cause whose success was to make them free. They tamely ploughed and sowed, and meanwhile half a million white men were maimed in the struggle that was theirs as well as ours. And of such material we made voters! Into the hands of creatures who continued slaves while there was any one left to hold a whip over them we put such power that they may become the arbiters of great political questions, and even balance votes with Northern as well as Southern white men. We degrade and adulterate the national life by introducing into it half a million servile, semi-brutal voters—all that the supremacy of an arrogant and dangerous faction may be secured and made permanent. And this, indeed—this making of nigger voters and driving the white men of the South from the polls—is the whole result of the war as Radical leaders see it.

But the people are wakening to the true perception of this great matter, and it needs no extreme prevision to know that the nation will eventually trample under its feet every vestige of the party that holds such ideas and has led it into this false position.

A COLORED CANDIDATE FOR CONGRESS.

A negro, named James P. Finckling, has reluctantly consented to be a candidate from the First Congressional District of Georgia, because, although he would not consider himself "elevated to a post of honor if elected to the present Congress," yet considerations of the gravest importance to his own race and to the country at large, "impel the conviction that the surest remedy for Radical evils, is for the South to return colored Representatives." His address to the citizens and electors of the district is sound, sensible, and from a Radical stand-point even, is impregnable, for he assumes at the outset that to empower the negroes to vote implies the right of negroes to be voted for. If the blacks are only to have the "privilege" of elevating white Radicals to office and are then to "be politely informed that their services can be dispensed with till the next election," it is quite time that they are undeceived; for, argues Finckling, "if the colored man is worthy of and entitled to the elective franchise, it is very clear that he is also entitled to a place in politics in proportion to the numbers he brings to the support of the successful party." This is the precise position taken by Mr. Wendell Phillips, who demands that the Radical vice-presidential nominee shall be a negro. The colored candidate for Congress also claims the offices at the South for the negroes, because, since the best and most intelligent citizens in that section are under the ban of Radical proscription, the remaining white element is summed up in three classes with which the negroes cannot politically associate. These classes are, "the renegade rebels who, in 1861, were blatant and rampant Yankee-eating secessionists," but who drifted into Radicalism "because they have no friends on the other side;" the whites who compose "that lower stratum of society which is turned to the surface only when violent commotions throw up the filth they feed on;" and "the scrapings of a ground-swell of New England fungi, and specimens that have come South to grow respectable on the 'nigger vote,' and get rich by picking up little things, such as spoons and the like." Rhetorically, these figures will not bear critical analysis, but they are the views of a negro who is intelligent enough to estimate the real character and social standing of the Radical negro-drivers and overseers who are now engaged in "managing" the colored voters. Finckling decidedly declines to assist in making his fellow-negroes the fourth class and subordinate to the three classes he describes, and believes that it is better to trust the honor and interests of even intelligent right-thinking white men in the South in the hands of "some reliable colored man," (Finckling, for instance) than to select candidates for office from the only eligible white "classes," whose true character he endeavors to expose.—*N. Y. World.*

Shall the State be Overrun with Negro Paupers?

The Delaware *Republican* (Radical) says "the negroes have a right to vote now in every State of the Union, under the Civil Rights bill," and it will "proudly and joyfully join in the appeal to Congress to enforce the right." Long ago the *Patriot & Union* stated that some time or other the Rads of Pennsylvania would take that position, and it says now that, should Judge Williams be elected to the Supreme Court in October, they will immediately thereafter so declare. The election of Williams would give them a majority of negro partisans upon the Bench, and hence such a decision as they desire. As at present constituted a majority of the Judges of the Supreme Court are against negro suffrage. This fact has kept the Rads quiet upon the subject, and prevented them from endeavoring to push negro suffrage under the civil rights bill. The people can rely upon it that the election of Williams will be the signal for an attempt, both through that Court and the Legislature, to give the voting privilege to the negroes. And if the Rads succeed in their design, hudreds of thousands of negroes will immediately flock into the State from the South, to vote and become a tax burden upon the people—for thousands of them would fall upon the country for support, as they have done hitherto upon the Federal Government. If the farmers are wise, they will nip this design in the bud by voting for Judge Sharswood.

THERE were twenty-eight deaths from yellow fever at New Orleans on Tuesday

ONE OF THE RESULTS.

One of the great arguments that abolitionists used before the war was, that "poor men could not go South without being compelled to compete with negro labor." How much better is it now? If they go there at this time to make a living they are not only compelled to work along side of negroes, but to live under governments that negroes control. The laws of these States will be made by men chosen by negroes, their juries will be composed of negroes, and the lives, liberty and property of the people be at the mercy of negroes. Who is there that wants to be ruled over by ignorant, depraved blacks? And yet such is the effect of mongrel success, that to-day the white laborers of the North, who could go South and buy the best of land for fifteen or twenty dollars per acre, are prohibited, because the control of that section is placed in the hands of a race that cannot even control themselves. They must either submit to negro domination, or be denied the privilege of purchasing homes where they can get them at reasonable rates, or at prices that they are able to pay. This is the manner in which mongrelism is repaying the laboring classes of the North for the support it received from them. It denies them homes where they can get them cheapest, gives over the richest portion of our country to the negroes, taxes the laboring whites to feed and clothe the indolent blacks, and fastens upon the shoulders of the poor, the taxes of the rich. If this kind of treatment pleases them, all they have to do is to continue to vote for the party that has brought this state of affairs about; Williams is their candidate.—*Democratic Watchman.*

NEGRO STATES.

Did any decent "Republican" ever dream that his party would make NEGRO STATES of ten States of this once free white Republic? Incredible as it may seem, *this has been done!* Tennessee is now ruled by a Governor elected by Negro votes. Every Southern State under the rule of the "reconstruction" Satraps, is negroized, the greater portion of the whites being disfranchised and the blacks, to a man, made voters. Negroes sit on juries in those States, to the exclusion of the most intelligent of the whites. This is the God's truth, and no "Republican" of ordinary intelligence will attempt to deny that it is true. Is this what "Republicans" expected at the hands of their party? Did they vote for *Negro States?* Did the *two hundred thousand white soldiers who went from Pennsylvania to risk their lives and their all in the late war, fight for a* BLACK EMPIRE IN THE SOUTH? Let these questions be pondered and answered by the fair-minded and honest masses of the "Republican" party, before they cast their votes once more for the men who have betrayed them.—*Bedford Gazette.*

THE Negroes of Pennsylvania recently held a "State Convention," at Reading. That *white* Nigger, E. H. Rauch, editor of a Radical paper in Reading, addressed the "Convention," and said in the course of his remarks, that he "thanked God that not one-tenth of the criminals of the State are colored men!" The dirty knave did not stop to tell his sable hearers that the "colored" population of Pennsylvania, is not the one-tenth part, nor the one-fiftieth part, either, of the entire number of the inhabitants of the State, and, therefore, couldn't well furnish the one-tenth part of its criminals. Was there ever a meaner, slimier, fouler traitor to his own race and blood, than the man who could utter a sentiment like the above?

THE Pittsburg *Post* says George V. Lawrence, Radical member for the Washington and Beaver district, has already succeeded in his plans for a re-nomination, notwithstanding that he brought about the rejection of several soldier appointees to Government offices. It adds that "unless rumor greatly belies him, he has made his seat in Washington pay well." Will the *Post* please to put its finger upon a Radical Rumper who has not made it pay well? If there are any we have not heard of them.

The annual cost of the army of "reconstruction" is forty million dollars—$40,000,000! This sum is more than three times greater than the total expenses of the Government during the administration of John Quincy Adams. Add to this the cost of registration, and the losses by prostrated business—hundreds of millions more—and the people may comprehend what it is costing them to Radicalize ten States with negro votes.

THE way the Radical negro "reconstruction" works is fairly exemplified in Tennessee—which the Radicals say is "reconstructed" properly according to their desires—where riots and battles between the whites and blacks are of at least weekly occurrence. Radical "reconstruction" leads only to anarchy, bloodshed and the destruction of prosperity and civil rule.

IF the Radicals are successful, white men will have to sit beside negroes in the jury-box, and white children herd with negroes in the school room. This is the price white men will be compelled to pay for a Radical triumph in this State. Are they willing to do so?—*Age.*

PRESIDENT Johnson has issued a proclamation ordering all officers of the army and navy to respect the decisions of the courts and respect the action of the civil authorities of the United States. It is reported that a proclamation of amnesty is soon to follow. The President is beginning to manifest a good deal of backbone.

A PRUDENT young woman in Providence, who looked under the bed before she reposed thereon, discovered a large and intelligent negro hidden there.

THE school directors of Warren have relieved "Rev. Mr. Merriman" from the charge of the borough school because he taught Rump Radical politics as a main branch of education. Right. There are hundreds more of that stripe who should be relieved.

IT is stated that Barbour Lewis brought one thousand negroes in one boat load from Arkansas to vote in Tennessee. Many of them thought their certificates of registration were deeds for forty-acre lots, and are much disappointed at the waking up.

THE St. Louis *Democrat,* the Radical organ, says Gen. Grant has forfeited the Radical confidence. If so, he should thank God for the deliverance.

THE negroes of Northern Texas have quit work, armed themselves and gone into camp, resolved to conquer the country, divide the land and other property, and govern to suit themselves.

PETER COOPER, who contracts for the legs of all oxen killed in New York, to make into parasol handles, realized four hundred thousand dollars in the past twelve months.

A JURY of inquest composed equally of white and colored persons was summoned at Wilmington, N. C., recently. So we go.

NOTICES OF THE "COMPILER."

The following are some of the notices of the enlargement of the COMPILER which have fallen under our eye.—Much obliged, gentlemen of the press! Consider our best bow made, and warmest thanks expressed.

THE Gettysburg *Compiler,* published by Henry J. Stahle, Esq., has been greatly enlarged and improved. It is now one of the handsomest papers in the interior of the State. It is ably conducted, and deserves success.—*Phila. Age.*

THE Gettysburg *Compiler* comes to us this week in an entire new dress, much enlarged and otherwise improved. It was established by Jacob Lefever, Esq., in 1818, and the veteran editor still lives in comparative good health. H. J. Stahle, Esq., the present editor and proprietor, speaking of his paper, says:

"During our occupancy of this post, the political complexion of the county has undergone a gratifying change.—From six or eight hundred *against,* the majority has turned to several hundred in favor of the Democracy. And the old *Compiler,* from the small six-column sheet of 1845, has grown into one of the largest (dare we not say handsomest?) of country journals."

That is a good record both for the *Compiler* and for its editor. Mr. Stahle is an indefatigable worker in the cause of Democracy and a most skillful party manager. Asking for no office for himself, though we suppose he might have any one in the gift of the people of the county, he devotes his time and talents to his paper and the party. He deserves to be most liberally patronized.—*Lancaster Intelligencer.*

ENLARGEMENT.—That sturdy champion of the Democratic cause, the Gettysburg *Compiler,* has just come to us enlarged and improved, and now presents as handsome an appearance as any of our exchange list. We hope friend Stahle will be amply repaid for his heavy outlay, and that the Democracy of Adams will rally to his support.—*York Gazette.*

THE GETTYSBURG COMPILER.—This able organ of the Democracy of Adams county, comes to us this week, much enlarged and improved in every respect.—The *Compiler* has always been a good paper, and we are pleased to observe this evidence of its appreciation by our Adams county friends.—*Chambersburg Spirit.*

THE Gettysburg *Compiler,* edited by H. J. Stahle, Esq., for twenty-two years past, has increased its dimensions so much that it is now one of the largest of the large papers of the State of Pennsylvania. We are gratified to see this evidence of increasing patronage, and it is quite honorable to the sterling Democrats of Adams county.—*Westminster Advocate.*

THE Gettysburg *Compiler* has been enlarged and typographically improved.—It is now printed on a Potter Drum Cylinder Power Press. Our friend Stahle makes a first-rate paper and deserves the united and liberal support of the Democracy of Adams. Success to him!—*Bedford Gazette.*

THAT sterling Democratic journal, the Gettysburg *Compiler,* comes to us this week greatly enlarged and improved. It is always gratifying to witness these evidences of prosperity among our brethren who wield the pen in the cause of Democracy. The *Compiler* has always the ring of the true metal—from the pen of its editor trills no uncertain note. The party in Adams county may well feel proud of their organ, and will be but doing themselves a benefit by affording it a liberal support.—*Hagerstown Free Press.*

THE Gettysburg *Compiler* appears, this week, enlarged and in an entirely new dress. We say emphatically that Bro. Stahle's paper is now one of, if not *the* handsomest paper in the State. If the Adams county Democracy don't sustain it now better than ever, they don't deserve to have themselves sustained.—*Fulton Democrat.*

IMPROVED.—The Gettysburg *Compiler* came out last week, in an enlarged and improved form, having an entire new dress of type. This looks enterprising, and we hope its proprietor may be repaid for expenses incurred by large returns in cash.—*Newville Star.*

THE Gettysburg *Compiler,* the time-honored organ of the Democracy of Adams county, has appeared in an enlarged and improved form. The editor, Henry J. Stahle, Esq., is one of the best Democrats living, and one, too, who suffered imprisonment in one of the Lincoln "Bastiles" during the late war for his principles. It is, therefore, with peculiar feelings of pleasure that we chronicle this evidence of his prosperity.—*Reading Gazette.*

THE Pittsburg *Republic* thus refers to the judicial contest in Pennsylvania:

Judge Williams has a very heavy load to carry in the column of repudiation and the Williamsport platform. The friends of Judge Sharswood come squarely up to the issue in defending him for his opinion in Borie vs. Trott, and in this we are satisfied they are correct. Repudiation of a contract payable in gold, by paying it in promises to pay, is clearly unconstitutional. The Rads. do not on the other hand fairly meet the issue upon the question of repudiation, nor upon harmonizing his views and decisions with the clamors of a Radical majority.

THE BOYS IN BLUE.—The ex-United States Soldiers and Sailors who reside in Richmond, Virginia, held a meeting recently, at which an address was read and unanimously adopted condemning the action of the Republican Convention recently held in that city. The "Boys in Blue" are not ready for the establishment of negro republics on the ruins of the Southern States.

AN exchange gives the following as the correct correspondence between the President and Stanton:

EXECUTIVE MANSION, Aug. 12.

E. M. STANTON—Sir: I have appointed Ulysses to kick you out. He wears No. 8 boots, heavy soled. A. J.

WAR DEPARTMENT,
WASHINGTON, Aug. 12.

ANDREW JOHNSON—Sir: I yield to "superior force" and subside. E. M. S.

IN Ohio, this fall, the people are called on to strike the word "white" from one clause of the Constitution so that negroes may vote, hold office, and sit on juries; but "white" is to remain in another clause which exempts the blacks from military duty. If the amendment prevails the negro will belong to the privileged class. He will be a voter, but have no military duty to perform.

THE Pittsburg *Post,* the only paper in Pittsburg which opposed the disgraceful attempt to repudiate the railroad bonds issued by Allegheny county, says it counted all the friends of honest dealing it could find at that time *and Henry W. Williams was not among the number.* He was for repudiation with Tom. Williams and the rest of his party associates. Let those who suffered remember that. Let holders of other bonds make a note of it.

IF you believe a negro is your equal, and desire him to vote for men to represent you—to sit on juries with you, to control your State and municipal elections, vote the Radical ticket.

Local Department.

TOWN, COUNTY AND SURROUNDING COUNTIES.

The Compiler for the Campaign.—Only Twenty-five Cents!—We will furnish the COMPILER (large as it now is) at the low figure of 25 cents for the campaign, ending with the issue of October 11. "Circulate the documents!" The COMPILER stands by the white race against the mongrelism which Radical leaders are endeavoring to establish in this country, and will resist the infamous design at every point. White men everywhere must arouse to thwart the aims of the Radical fanatics and demagogues, and no better help can be found than the circulation of newspapers published in the interest of the white man. The COMPILER is doing, and will continue to do, its share.

Terrible Accident.—On Tuesday last, whilst John M. Musselman, (son of Joseph,) at Fairfield, was driving the horses in the threshing machine, he stepped down from the horse-power to help a younger brother up, when his foot slipped and was caught in the gearing, crushing it in a horrible manner. It having been found necessary, to save his life, the foot was amputated by Drs. Huber and Scott.

Another Accident.—On Wednesday last, an interesting son (aged about six years) of Samuel G. Sneeringer, Esq., of McSherrystown, met with a very sad accident. His father and assistants, engaged in threshing with the machine, were about quitting at noon, when the child, to get around the horses, happened to place his right hand on the still moving strap. In the twinkling of an eye, the poor little fellow was turned over in the air several times, and the arm torn from the body, both dropping some distance apart. Proper surgical assistance was at once had. These are all the particulars we have of this really sad occurrence.

The Fair.—The building intended for the exhibition of fancy articles, &c., on the Fair Grounds, was raised last week, and work on it is pushed with all necessary vigor. There is no doubt about its completion in time. It will make a very fine hall—large and in fitting proportions—eighty feet long, forty feet wide, and sixteen feet high.

The fencing is nearly or quite done, and work on the stalls goes steadily along, Mr. Herbst, the President, having it so arranged that good weather is taken advantage of for roofing, whilst wet days are devoted to boarding up inside, in the dry.

The fences, stalls, &c., are being whitewashed, which gives the whole an air of neatness admired by all visitors.

The President and Managers are determined to make the Gettysburg Fair Grounds a credit to Adams county, such as every citizen may feel an honest pride in.

Gettysburg Zouaves.—The Zouaves have rented the old *Sentinel* office, on the Diamond, and are fixing it up as an armory. They have received their new accoutrements, and will make a full dress parade to-morrow afternoon.

A singular coincidence is mentioned in connection with the distribution of the arms upon their arrival from Harrisburg. One of the members had a gun assigned him which proved to be the same he had carried as a private in Co. G, 209th P. V., during the late war. Upon the discharge of the Regiment, at the close of the conflict, he left his gun at Petersburg, Va. It now comes back to him, refitted and renewed, but with his own initials and other marks clear and distinct still.

Officers Elected.—The "Franklin Zouaves," the military company just formed in Butler and Franklin townships, met at Mummasburg, on Saturday last, and elected the following officers: Captain, Samuel H. Eicholtz; First Lieutenant, Thomas Bushman; Second Lieutenant, Clarence M. Camp. The non-commissioned officers are to be elected to-morrow. The company has adopted the beautiful uniform of the Gettysburg Zouaves.

Election.—The following gentlemen were, on Monday last, elected Managers of the "Adams County Mutual Fire Insurance Company," for the ensuing year, viz:

George Swope, S. R. Russell, D. A. Buehler, Dr. E. G. Fahnestock, Robert McCurdy, Jacob King, John Wolford, H. A. Picking, A. T. Wright, Wm. B. Wilson, John Picking, Wm. D. Himes, A. F. Gitt, Jas. H. Marshall, Wm. R. White, A. D. Buehler, R. G. McCreary, John Horner, John Cunningham, Frederick Diehl, M. Eichelberger.

The Board will meet on Monday next, at 1 o'clock, P. M., to organize.

The Reynolds Monument.—A meeting of the Committee of the First Corps, Army of the Potomac, having charge of the Reynolds monument, was held at Philadelphia, August 13, 1867. All the members were present. The Treasurer reported $6,910.57 on hand, nearly all of which bears interest. The committee decided to erect a semi-colossal bronze statue of the General, in military uniform, on a site already selected in the Soldiers' National Cemetery at Gettysburg. An additional sum of $2,500 is needed to insure the early completion of the monument.

Needed.—Those indebted on our books are asked to give us a lift immediately. The money is greatly NEEDED—every cent of it. Our outlays have been heavy, (and still are,) and the only way we can square up is to get in what is due us.—Friends in arrears, please act promptly. Don't put off payment until next week, or next year—but do it at once—*now.* The mails are open to everybody, and money may be remitted at our risk.—Send it "*right along.*"

Red Men's Pic Nic.—Cayugas Tribe of Red Men spent Thursday pic-nicing at Spangler's Springs. They marched out in regalia, and, headed by the Gettysburg Cornet Band, attracted the whole town's attention. The day was very pleasantly spent—as was to be expected, with a good set of fellows, their wives and sweethearts.

We understand that the Order is growing rapidly, and that such is especially the case with Cayugas Tribe.

Pic Nics.—There will be a Pic Nic at McDivit's Grove, Liberty township, on Saturday, the 14th inst., and another on Marsh Creek, near the bridge, on the Chambersburg road, the same day.

Appointed.—Wm. Francis Eckenrode has been appointed Postmaster at Harney, Carrol county, Md., *vice* David Bollinger, resigned.

Raspberries.—Mr. Jacob Althoff, of Cumberland township, brought to our office, the other day, a lot of "second crop" raspberries, which were very large and delicious. Two crops on the same vines in one year is certainly doing well.

Eagle Shot.—Jacob Forney, of Mountjoy township, on Monday last, shot an Eagle, which measured 7 feet from tip to tip of the wings, and weighed 8½ lbs.

Græffenberg Springs.—The Græffenberg Springs, on the western border of this county, are acquiring a still wider reputation, under the excellent management of "mine host" Miller. A correspondent of the Pittsburg *Gazette,* who has been spending a short time there, writes that it "is a delightful, glorious place," and that a trip to it "is certainly one of the best investments of time one can make." After guaranteeing a better meal, for less than half the money, than is obtained at fashionable Cape May, Saratoga, and other "high-heeled, bugle-trimming places of resort," the writer says:

If Daniel Miller, our worthy and esteemed landlord, don't know how to keep a hotel after forty years experience, then practice don't make perfect. He has never learned the skinning process of "little to eat and plenty to pay" so much in vogue in these days of sharp practice, but follows the business for the love of it and not to make money. His charges are from seven to nine dollars per week, children thrown in. His day rates are fifty cents per meal. The large bathing house contains two large pools of water as cold as ice, and while you are in your bones fairly ache, but when out you have the delightful effects resulting from a beneficial and healthy bath. The pure mountain air and cold crystal water work wonders. A lady from Pittsburg who has not been able to walk for ten months, and who had to be carried from the carriage into the house, after but a fortnight's stay here, is able to walk about the grounds, and is in much improved health.

We have the pleasantest and most accommodating young lady for postmistress that A. J. has in all the remainder of the department. When asked for a letter she don't shake her head and say in a rude voice without looking either at you or for the letter "knaw—is none." We receive two mails a day. The trout fishing is splendid hereabouts, in the streams flowing from the different mountain ridges which all unite at Caledonia Furnace, forming a creek. To give you an idea of the sport I would briefly mention that two of us caught ninety as pretty fish as ever "bent a rod" or "went for a bait." This success in angling was at a stream belonging to the old Commoner Thad. Stevens, who owns fourteen thousand acres of ground or rocks surrounding his Caledonia furnace. I have fished in many mountain streams, but never in any where the trout are so large and beautiful as here. More anon.

Of Course.—The case of Ambrose Hair, of Berwick borough, this county, against Henry Stevens, Judge, and Jacob Harman, Inspector of election, (for refusing Hair his vote last October,) which McConaughy had removed by act of the Legislature to Dauphin county, came up in the Court there last week, and because the prosecutor failed to appear, the defendants were acquitted. This result was expected by those who had the case removed, as they knew Hair to be poor and therefore not likely to follow the case to Harrisburg. It was an outrage, in the first place, to refuse the man his vote—and it was no less an outrage to deny him a chance for justice in his own county, where he could afford to have it seen after. Honest men should take note of this additional item of Radical rascality.

Franklin County.—The Democrats of Franklin county, on Tuesday last, nominated the following excellent and popular ticket, which they mean to elect: Assembly, Col. B. F. Winger; Associate Judge, John Armstrong; Treasurer, Capt. Geo. W. Skinner; Commissioner, Wm. Shanafield; Director, John Gilian, Jr.; Jury Commissioner, Wm. Boyd; Auditor, Joseph Mower.

York County Items.—Jacob Spangler has been appointed Postmaster at Smith's Station.

Jacob G. Leber has been appointed P. M. at Wrightsville.

Ten shares of Hanover Branch Railroad stock were recently sold at $51 per share—par value $50.

The Hanover *Citizen* complains that the manufacturers of farming implements, carriages, etc., of Hanover, purpose attending the Adams county fair instead of the county fair at York, this fall. Let them come. We have a large ground, and room for all.

A valuable bull, belonging to a man named Forry, residing near the railroad, a short distance below Hanover, was killed on Sunday of last week by another bull belonging to D. Baer, which he was engaged battling with. The conflict took place in a field in which they were grazing, and is said by those who witnessed it, to have been fierce and savage, lasting until the weaker one was thrown and his neck broken.

Camp Meeting.—A Winebrennerian Camp Meeting will be held on the land of John Kohler, about one mile from Monterey Springs, commencing to-day.

Omitted.—In publishing the Court proceedings last week, the following item was accidentally omitted:

Commonwealth vs. Henry Remmers. Charge, larceny of oats from Charles B. Polley and saw from Noah Lott. Verdict, not guilty.

Not Endorsed.—The Radical Convention, on Monday, endorsed Congress, Geary and Williams, but made no mention of McConaughy. The Curtain leaders evidently have him "on the hip."

Associate Judge.—Hon. W. W. Paxton, formerly of this place, has been re-nominated for Associate Judge by the Republicans of Franklin county. He will find a formidable opponent in John Armstrong, the Democratic nominee.

Imported.—By the ship "R. H. Tucker," just arrived from Liverpool, we have received our second importation of Queensware. A large invoice of "*Plain Iron-stone Ware,*" of latest pattern and finest quality, which we offer at *very low Prices.* Please call and examine.

We offer to the *trade all* our *White Wares* at Philadelphia prices—*no charge for freight or package.*

Glassware at a further reduction.

We have also considerably reduced the prices of our finest quality of *Chewing Tobacco.* Please send for a Price List.

Sept. 6, 1867. 3t*

A SERIOUS fight between a number of white boatmen and negroes occurred at Cincinnati on Tuesday morning. Pick-axes, clubs and pike poles were freely used by the combatants. One negro was run through with a pike, another was pitched down a declivity of fifty feet and smashed to a jelly, and a white man knocked over an embankment into the river and drowned. No arrests were made.

THE Conservatives killed by the negroes at Rogersville, Tennessee, at a political meeting, lately, were honorably discharged soldiers of the Federal army. It is not pleasant to reflect that these brave soldiers were butchered by brutal negroes, who owe all they have of freedom and privileges to the years of sacrifice and suffering of their victims.

NEITHER Ashley, Holt, Butler, nor any other of the fellows charged by Conover with conspiring to overthrow the President by means of false witnesses, has denied the authenticity of the letters nor the turth of the material statements, as lately published. They therefore stand self-convicted.—*Patriot & Union.*

THE nomination of Judge Sharswood by the Democratic State Convention is every day growing more popular with the people.

SPECIAL NOTICES.

Peruvian Syrup:

A PROTECTED SOLUTION OF THE PROTOXIDE OF IRON, supplies the Blood with its LIFE ELEMENT, IRON, giving strength, vigor and new life to the whole system.

If the thousands who are suffering from DYSPEPSIA, DEBILITY, FEMALE WEAKNESSES, &c., would but test the virtues of the PERUVIAN SYRUP, the effect would not only astonish themselves but would please all their friends; for instead of feeling cross, "all gone" and miserable, they would be cheerful, vigorous and active.

A DISTINGUISHED JURIST WRITES TO A FRIEND AS FOLLOWS:

I have tried the PERUVIAN SYRUP, and the result fully sustains your prediction. It has made a NEW MAN of me, infused into my system new vigor and energy; I am no longer tremulous and debilitated, as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years.

Thousands have been changed by the use of this remedy from weak, sickly, suffering, creatures, to strong, healthy, and happy men and women, and invalids cannot reasonably hesitate to give it a trial.

The genuine has "PERUVIAN SYRUP" blown in the glass.

Blood Heat.

People will display imprudences, whether in cold or warm weather, by improper diet. At the present time of writing, with the thermometer almost up to "blood heat," the drinking of large quantities of iced or cold water when hot and thirsty, perspiration suddenly suppressed by a draught, and the intermingling of all kinds of hearty food and fruit, cause distress and make disease upon the system. Hardly a person of either sex escapes. Doubtless the best remedy for attacks of pain is Radway's Ready Relief, used in almost every family on the face of the globe, and with entire satisfaction. The records show of millions of lives saved by it during its existence. Nothing could be better for Diarrhea, Dysentery, Cramps, Rheumatism, Sore Throat, Croup, Toothache, Tic Doloureux, Chills and Fever, Headache, Inflammation, Sour Stomach, Hysteria, Still Joints, Falls and Accidents, Cuts, Sprains, Colics, Cholera, Cholera Morbus, &c. Thirty drops in a tumbler half full of water, ease powerful pains almost instantaneously.

SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. SCHENCK, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. SCHENCK makes professional visits in New York, Boston, and at his principal Office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7.50 the half dozen. All letters for advice should be addressed to Dr SCHENCK's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

FRIDAY AFTERNOON, SEPT. 6, 1867.

KEEP IT BEFORE THE PEOPLE!

Keep it before the people, that the Republican leaders of this State are pledged to procure the passage of Sumner's bill through Congress, forcing negro suffrage and negro equality upon Pennsylvania and other States which have declined to sanction it. The Harrisburg *Telegraph* openly announces that such is the design of the party of which it is the recognized central organ.

Keep it before the people, that Henry W. Williams, the Radical candidate for Supreme Judge, is pledged to pronounce such an act of Congress constitutional and binding upon the people of Pennsylvania. The *Village Record*, published at West Chester, has so declared.

Keep it before the people, that should Judge Williams be elected, the Radical plan for forcing negro equality upon the people of Pennsylvania could only be defeated by means of armed resistence.

Keep it before the people, that the only hope of defeating the schemes of the Radicals is in the election of that great Pennsylvania jurist, Judge Sharswood, and the defeat of his fanatical Republican opponent.

THE Detroit *Free Press* recently published the subjoined admirable paragraph on the present Radical crusade against the Germans:

The Radicals have everywhere inaugurated a general crusade against the Germans, and a perfect storm of abuse is showered down on their heads, North and West. This spirit of persecution seems to have displayed itself most strongly in Ohio, where the canvass for the State election promises to be a very bitter one, because the foreign element is considered more than doubtful. The New York *Tribune*, forgetful of its usual moderation, recently set the example in this kind of disgraceful warfare by saying that the counties along the Ohio river, and as far west as Zanesville and Chillicothe, were principally a "*school-hating, rum-loving breed of Pennsylvania Dutch*," who can't abide negro supremacy. This wholesale libel upon men who are among the best farmers and citizens, and compare favorably in morals and intelligence with any other class of the community, has been readily caught up by the whole Radical pack. Hardly a paper of that political complexion reaches us now from that section, but has some sneer at the "Dutch"—a term which Radical ignorance evidently deems the very acme of disgrace. The cause of this animosity is of course well understood. It arises out of the determination of the Germans to oppose the Puritanical doctrines which obtain constantly a greater ascendency among the different State legislatures, and aim to restrict the right of individual action.

THE Declaration of Independence says "It is the right of the *people* to alter or abolish their form of government and institute a new one, laying its foundation on such principles and organizing its powers in such form as to them shall seem most likely to effect their safety and happiness." The Radical faction, including Judge Williams, deny this right to the people, and assert that *the Rump Congress* alone has the right to alter and abolish, as it has done by ignoring the Federal Constitution and breaking up the Union.

JUDGE Sharswood is in favor of law, order and the constitutional rights of all men. Judge Williams is pledged to make every thing else subserve the purpose of his party. The Constitution and laws of Pennsylvania are as nothing to him when they stand in the way of Mongrelism. Which of these two gentlemen is best qualified to fill a seat on the Supreme Bench of the State?

THE Chicago *Tribune*—a Radical blue light—says the liquor and Sunday questions will smash the Republican machine out West.

If you want to support men who believe in the supremacy of the white race, vote the Democratic ticket.

MISCEGENATION is going on rapidly at the "hub of the universe." The Boston *Gazette* says that no less than a dozen black men have taken white wives at the west end of the city.

THE New York *Home Journal* says "the handsomest lady in America is Emily Schonberg, of Philadelphia." The editors of the *Journal* evidently have not been up this way, lately!

Speer's Port Grape Wine.—The mild character and superior tonic properties of the Port Grape Wine over those formerly used by physicians have deservedly created for it a place in our sick rooms and hospitals. Government now uses it. The Sanitary and Christain commissions use it; and Mr. Speer in producing so excellent a native wine is a benefactor in his line. His business is now very extensive, and what with drawing off and bottling, packing and box-making, quite a force is engaged.

To the remotest part of the country his cases are sent, and by means of his medical and Sacramental Port Grape Wine, the name of Alfred Speer has become everywhere a familiar household word.—*Patterson Guardian.*

Our druggists have some of this wine.

Cure your Coughs and Colds.—Coe's Cough Balsam will be found a ready and efficient Remedy for hard Colds, Croup, Coughs, and all lung difficulties. It is sold by all druggists. The cheapest and best medicine in the world.

Thousands have been Changed by the use of the Peruvian Syrup (a protoxide of Iron) from weak, sickly, suffering creatures, to strong, healthy and happy men and women, and invalids cannot reasonably hesitate to give it a trial. For Dyspepsia and Debility it is a specific.

Official—Paris Exposition, 1867.

Advices just received by mail enable us to announce positively that the *only gold medal* for American sewing machines was awarded to Elias Howe, Jr., as the manufacturer of the best sewing machine that was exhibited. There were eighty-two different machines in competition for the prize, and Mr. Howe received the additional award of the Cross of the Legion of Honor, as manufacturer and inventor. The exact wording of the award is as follows:

HOWE MACHINE.	WHEELER & WILSON.
"Co-operateur Elias Howe, Jr., promoteur de la machine a coudre. *Medaille d'or.*"	"Wheeler & Wilson, pour la machine a boutonniere. *Medaille d'or.*"

The official list of those who were made Knights of the Legion of Honor, as published in the Paris papers, reads thus: "Mons. Elias Howe, Jr. *fabricant machines a coudre, exposant*;" which, translated into English, reads: "Mr. Elias Howe, Jr., maker of sewing machines, exhibiting."

From this it will be seen that the medal awarded to Wheeler & Wilson was for a "Buttonhole Machine," *and not for the Sewing Machine.*

Each of these world-renowned machines bears the medallion head of Elias Howe, Jr., (trade mark,) without which none is genuine. Messrs. Sibley & Stoops, Agents, No. 922 Chestnut street, Philadelphia.

PROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH,

MADE AT
WALTHAM, MASS.

The American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts. How they run under the hardest trial watches can have, is shown by the following letter:

PENN. RAILROAD COMPANY.
OFFICE OF THE GENERAL SUPERINTENDENT,
ALTOONA, PA., 11 Dec., 1866.

Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service, as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years. Respectfully,

EDWARD H. WILLIAMS,
General Superintendent.

American Watch Co., Waltham.

We make now five different grades of watches, named respectively as follows:

Appleton, Tracy & Co.,	Waltham, Mass.
American Watch Company,	Waltham, Mass.
P. S. Bartlett,	Waltham, Mass.
Wm. Ellery,	Boston, Mass.
Home Watch Company,	Boston, Mass.

All of these with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite for a reliable time-keeper. Every dealer selling these Watches is provided with the Company's printed card of garantee, which should accompany each Watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country.

THE UNION PACIFIC RAILROAD CO.

THEIR FIRST MORTGAGE BONDS AS AN INVESTMENT.

THE rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is, "Are these bonds secure?" Next, "Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is guaranteed by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien,) may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to re-invest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay

Over Nine per Cent. Interest.

GRAND JURY REPORT.

TO the Honorable the Judges of the Court of Quarter Sessions.

The Grand Inquest of the Commonwealth of Pennsylvania, inquiring in and for the county of Adams, at August Sessions, 1867, beg leave to report:

That we visited the Alms House and County Jail. We found the paupers well provided for, the buildings clean and neat, and everything comfortable. The fencing has been much improved around the premises. The Steward deserves the thanks of the people of the county for his attention and care. We would recommend that the Bake House be remodled and raised one story, and coal be used in the oven instead of wood.

At the Jail we found the rooms clean, the prisoners comfortable, the Sheriff obliging and careful—and would recommend that some improvement be made in preventing the escape of prisoners, at the back wall of the front building, by placing iron railing, with spears, on the wall, or raising the wall.

SEED BED FOR WHEAT.

"Ten Minute Speeches" at the Adams County Agricultural Fair.

The August number of the *American Farmer* has a seasonable article on "Seed Bed for Wheat." We have frequently heard agriculturists remark that land should be allowed, after ploughing, time to "settle," before seeding to wheat, as it may easily be "too loose." The idea advanced by the *Farmer* is of the same character. Whether correct or not, *we* are not able to judge, and leave the question to our Adams county farming community, than which there is none better able to decide.

— By the way—we hope this subject, among the many connected with Agriculture, will be thought over, and then *talked over* at the Agricultural Fair to be held here in a few weeks, during the morning to be devoted to "Ten Minute Speeches." If that meeting be made interesting, as well by the variety as general discussion of topics, the success of a new feature of a Fair will be secured. The farmers of the county generally should not only attend on the morning stated in the bills, (Friday, the 27th,) but participate in the "free talk," in order to give each other, as fully as possible, the benefit of their respective thoughts and experiences. The invitation is general, and there ought to be no backwardness in imparting whatever may be of value in the noble art of cultivating mother earth.

— To get back to the point started from, we now subjoin the *Farmer's* article on "Seed Bed for Wheat," as follows:

The importance to the farmer of understanding the habits and peculiar characteristics of the plants he cultivates, as well as the nature and quality of his soil, is frequently illustrated. Let us take the wheat plant for instance, and we find by almost common consent, it is best provided for in a shallow seed bed. Very deep plowing is thought to be, not only unnecessary, but absolutely injurious. The young plant seems to need a firm understratum *not far from* the surface to imbed its roots in, and with this advantage withstands the "throwing out" produced by alternate thawings and freezings, better than when the soil has been recently stirred to a considerable depth.

No one at this time of day can overlook, or be ignorant of the great advantages to the soil generally, of deep ploughing. 1st. It opens a much larger amount of soil to the range of roots, giving much more liberal pasturage than they could otherwise get.

2d. It increases very largely the supply *of nutriment, by allowing the access* of air, and by the process of weathering, acting upon the mineral elements of the soil.

3d. It preserves an equal quantity of moisture in the soil. We seldom have a rain so great as to produce an unhealthy stagnation of water about the roots of plants set in a soil seven or eight inches deep, and, on the contrary, we seldom have a drought of so long continuance as to extract all the moisture to that depth.

These and other known advantages from deep ploughing, we might dwell upon; and, apart from the well known fact above alluded to, it would hardly be supposed that any crop, of whatever character, would be exempted from the good influences of the practice.

We must make a proper distinction, however, between a natural subsoil, indurated and rendered impervious to the action of the air by centuries of rest—its original hardness and impenetrability aggravated by a long course of continuous treading, in ploughing the surface soil—and that firm, mellow body of earth, which is produced by deep cultivation.

It is this firm, yet generous subsoil, *which forms so valuable a matrix for the* roots of the wheat plant, and enables them to resist the loosening effects of alternate frosts and thaws during winter. This important distinction, it will be observed, allows nothing to be detracted from the argument in favor of deep ploughing. It is only when the previous working has been, indeed, most thorough, that the wheat reaps a due advantage from the shallow ploughing. The understratum, though somewhat compacted in comparison with the loose surface soil, is so enlivened by the former breaking up, that the tender rootlets take firm *hold and keep their places.*

The advantage of this comparative firmness of the substratum is apparent in the practice, now so common, of seeding corn land to wheat, without any ploughing beyond what has been given to the corn. The action of the tines of the wheat drill, or any such scratching of the surface as will give the seeds a slight covering, is found to answer all necessary purposes even on *tolerably* tenacious clays. It is insisted, indeed, after much experience, that this is the most successful practice for corn land seeding.

WINE MAKING.—An experienced wine maker gives the following directions for making wine:

Pick the grapes off the stem when fully ripe, rejecting bad ones. Pass them through one of the Wine Mills to tear open the skins, but not to bruise the pulp. Press moderately; then get all that remains in order to make brandy or an inferior wine of. Strain and fill into clean barrels; then insert a bent tube tight in the bung, and let the lower (outside) end rest under the surface of water in a bucket, so that all the gas shall escape; the air will not get to the wine. When it has done *fermenting*, rack it off into clean barrels, bung it up, and set in a cool place; bottle it in a few months. The great secret of making good wine is to select only the best grapes, and not press out the sour portion of the pulp.

◆

GREEN CORN.—A writer in the Germantown *Telegraph* says that green corn may be kept the year round by pickling it with the husk on, in brine strong enough to preserve cucumbers, care being taken to keep it covered with brine. Boiling it in a good supply of water will freshen it sufficiently for the table. *It is worth trying.*

◆

BAKED HAM.—Most persons boil ham. They are much better baked, if baked right. Soak for an hour in clean water, and wipe dry, and then spread it all over with thin flour batter, and lay in a deep dish with stick under to keep it out of the gravy. When fully done take off the skin and the batter crusted upon the flesh side, and set away to cool. You will find it very delicious, but rich for dyspeptics, says one of our agricultural exchanges.

◆

DRAINING.—Dry weather will show any wet spots that need draining; observe where they are, and prepare for draining as soon as practicable. Some of the low, marshy portions of our farms contain the most valuable land, if properly reclaimed. Dry weather is the most suitable for draining when help is to be had to attend to it. Surplus capital can any time be profitably invested in this improvment with certainty of good dividends.

BRINKERHOFF'S
Corn Sheller, Separator and Cleaner.

THE undersigned would inform the Agricultural public that he has purchased from the Patentee of this extraordinary machine, the Patent Right for the States of Pennsylvania and Maryland.

Brinkerhoff's Corn Sheller, Separator and Cleaner, is pronounced the best machine of the kind in this country. And in proof, it may be mentioned that the "Advisory Committee appointed to select Implements for exhibition at the Universal Exposition in Paris, in 1867, have selected this Sheller as the best in America," and at the request of J. C. Derby, U. S. Agent, a machine has been shipped to Paris for exhibition.

The fact may also be stated that at the great trial of Agricultural Implements, at Auburn, N. Y., in July last, under the auspices of the New York State Agricultural Society, the Brinkerhoff Corn Sheller, Separator and Cleaner was reported by one of the most competent Committees as the best Corn Sheller out. They say, "We have carefully examined and thoroughly tested this machine, and have no hesitation in pronouncing it *the best Corn Sheller we ever saw.*" The report is signed by such men as John Stanton Gould, President N. Y. State Agricultural Society, B. P. Johnson, Secretary to same; Solon Robinson, Agricultural Editor N. Y. Tribune; S. Edwards Todd, Agricultural Editor N. Y. Times.

From among many compliments of newspaper notices, the following, from the New York *Observer*, is deemed sufficient:

"Among all the Hand Corn Shellers made in New York and Albany—and one single firm manufactures more than 10,000 annually—not one can enter the circle with the Sheller just invented by J. Brinkerhoff, Auburn, New York. It shells, separates and cleans rapidly and easily, at one operation, as fast as the ears can be put into the hopper."

The undersigned is now prepared to dispose of COUNTY RIGHTS. He will have SHELLERS ready for sale in the course of a month's time.

MUSICAL INSTRUMENTS,

respectfully inform the public that they are prepared to furnish Pianos of the following manufacture or of any other make that may be preferred:

Albright, Reikes & Schmidt,
Chickering & Son, Bradbury,
Knabe & Son, Gale & Son.

ESTEY'S CELEBRATED
COTTAGE, HARMONIC AND BOUDOIR
ORGANS AND MELODEONS.

These Instruments stand unrivalled by anything found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the *essential feature in instruments of this class.* We invite the severest scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

☞BRASS BANDS supplied with instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

☞Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils homes, either to individuals or classes, on reasonable terms.

TWENTY MELODIC EXERCISES,

Studies to acquire the Art of Singing.

"THESE exercises were composed to be used simultaneously with his system, 'THE ART OF SINGING,' or with any *other method* for the cultivation of the voice, and will take the place of CONCONI'S SOLFEGGIOS; being more melodious and better adapted for teaching.

"Some of these exercises are specially beautiful as well as useful, a mingling of the *dulce et utile,* which secures the interest as well as the improvement of the student. The various styles developed in these exercises render them invaluable in an educational point of view, as they tend to enlarge the intelligence and appreciation, and at the same time form the taste of the pupil. They must be studied carefully with reference to the *innumerable marks of expression and forms of* ornamentation. Upon the minute accuracy with which these are accomplished depends the actual stirring advancement of the pupil, any evasion or slurring in these respects is time and effort wasted, while, on the other hand, a close and patient investigation, and a minutely faithful execution of them, will give unexpected power and facility, and open to the student the means and resources by which great artists produce their most brilliant and profound effects."—*Watson's Art Journal.*

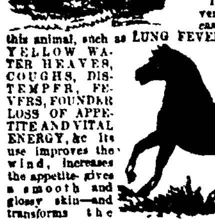
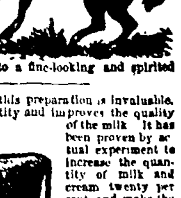
FOUTZ'S
CELEBRATED
Horse and Cattle Powders.

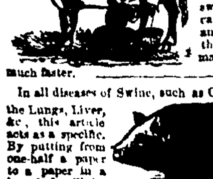


This preparation, long and favorably known, will thoroughly reinvigorate broken-down and low spirited horses, by strengthening and cleansing the stomach and intestines.

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite—gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.



To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.



In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

LYON'S PERIODICAL DROPS!

THE GREAT FEMALE REMEDY FOR IRREGULARITIES!

I have tested these Drops in my own practice, over ten years, and do not hesitate to say, that nothing has yet been developed by medical research, that acts so powerfully, positively and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never fails, while thousands who have been long sufferers, are indebted to it for the boon of health to-day.

Although so powerful and positive, they are *perfectly harmless, and may be used at all times,* except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from all over the northern and western States, were they not in their nature private. Over 100,000 bottles have been sold the past year, and I hope and trust as many sufferers have been benefitted. I am well aware that a remedy so potent to remove all obstructions, may be used for a bad purpose, but trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity, painful, difficult, excessive, offensive or obstructed Menstruation, Lucorrhea, or the train of diseases that follow, I would say, try a bottle of DR. LYON'S FRENCH PERIODICAL DROPS. Being a fluid preparation, their action is more direct and positive than any pills or powders. Explicit directions, bearing my fac simile, accompany each bottle.

They may be obtained of nearly every druggist in the country, or by enclosing the price to C. G. CLARK & CO., New Haven, Conn., General Agents for the United States and Canada.
